

# Page Activity - Page Tools

## Overview

Use this feature to display a report of all activity on the page or blog post.

## Viewing the report

Choose **Page tools** **Page Activity** to display the report:

The screenshot shows a table of activity for the page 'Project Milestones - Sprint Allocation'. The table has columns for Date, Actor, Type, Activity, and Version. The activity includes state changes (Approved, Rejected, Review), approvals, and assignments for roles like Project QA Lead and Project Design Lead.
