

Workflow Macros

Overview

The Comala Document Management app provides several macros which can be used to embed reports in content.

› *Looking for template macros? See [Macros](#) (authoring guide).*

Macros

- [Page Activity Macro](#) — Display recent page activity on a page.
- [Page Status Macro](#) — Display current workflow state in a page.
- [Workflow Report Macro - Approvals](#) — Keep track of content reviews across multiple spaces.
- [Workflow Report Macro - Dashboard](#) — Keep track of your tasks across multiple spaces.
- [Workflow Report Macro - States](#) — Keep track of workflow states across multiple spaces.
- [Workflow Report Macro - Stats](#) — Add a workflow state statistics table to a page.
- [Workflow Report Macro - Tasks](#) — Keep track of workflow tasks across multiple spaces.
