

# Audit Logs - Space and Global

## Overview

All important actions relating to workflows are logged in the audit logs.

Note: Detailed information specific to pages and blog posts can be found in the [Activity Report - Content](#).

## Permissions

Only System admins and Confluence admins can see the global audit log.

Only Space admins can see the space audit log.

## Viewing the audit logs

For **Confluence 5.9 and earlier**, see:

- [Audit Log - Space Tools](#)
- [Audit Log - Global](#)

For **Confluence 5.10 and above**, see:

- [Confluence Audit Log](#)
