

# Space Admin

[Document Management](#) [Configuration](#) [Parameters](#) [Notifications](#) [Import](#) [Clear History](#) [Support](#) [Audit Log](#)

## Overview

To access the Comala Document Management admin screens for a space, choose "Document Management" from the "Space Tools" menu.

You'll see a set of tabs, with the [Document Management](#) tab initially selected:

- [Document Management](#) – the dashboard to manage both your space scope workflows and your page workflow templates.
- [Configuration](#)
- [Parameters](#)
- [Notifications](#)
- [Import](#)
- [Support](#) (Support Console)
- [Clear History](#)
- [Remote Publishing](#) – requires the [Remote Publishing for Comala Document Management](#) app
- [Audit Log](#)
