What's new

Read Confirmation

Comala Document Control 1.7.0 brings updates to the Read Confirmation feature:

Standalone Read Confirmations

Previously, Read Confirmations could only be used as a part of a page approval workflow. Now Read Confirmations can be added to any page without the need for reviews and approvals.

Setting Due Date

A due date can now be added and updated in the Read Confirmation dialog by clicking on the clock icon.

Reader	Version	Confirmed	
 Sunni Conn	v. 1	16 minutes ago	
 Milo Towne			

Read Confirmation request option

At final review, the reviewer can decide if read confirmations should be assigned.
